

## **SP-Consult**

Summary: IT Strategic Management and Delivery consulting services

The SP-Consult service is designed to complement your business strategy by providing access to highly-trained, experienced technical consultants without the expense or management overhead of increasing internal headcount.

Our consultants typically perform services that range from attending board-level strategy planning meetings to ad-hoc project evaluation and delivery on specific technologies.

SP-Consult services are available in three levels, depending on the in-house capability and complexity of the customer IT environment:

- **SP-Consult Partner** – 10 days consultancy at strategic rates to be used for ad-hoc project delivery.
- **SP-Consult Premier** – As SP-Consult Partner, plus bi-annual strategic roadmap planning sessions.
- **SP-Consult Elite** – As SP-Consult Premier, plus quarterly strategic planning visits and unlimited calls to your dedicated Technical Account Manager available Monday to Friday, 9am to 5pm.
